CARRE'S IMPROVED ICE-MACHINE,

WITH THE NEW CONGELATOR FOR PRODUCING BLOCK ICE TO BE HAD ONLY FROM

S. ROSE & CO., BOMBAY.

ICE IN FOUR MINUTES.

CARRE'S PNEUMATIC ICE-MACHINE.

WITH DISTRIBUTOR AND CONGELATOR ATTACHED.

The only machine suitable for Domestic use ; Cheap, Cleanly, and easy to work ; always ready for use, and never gets out of order.

Full particulars of the NEW CONGELATOR can be had on application to S. Rose & Co.

Personal inspection of the new apparatus and its accessories is requested, and full practical instructions for using the Machine will be given to the agents or to the servants of purchasers.

The mode of producing Ice is by means of a Pneumatic Machine ; the air in the Decanter or Vase is exhausted by the action of the air-pump, and the moisture arising from rapid evaporation, absorbed by the Sulphuric Acid contained in the Cylinder B, and intense cold in the Decanter or Vase, is the result of reducing the water to Ice.

For use in Up-country Stations, Messes, Hotels, Hospitals, and on board Ship, these Machines will be found invaluable ; and their portability renders them most serviceable for Camp use. Within fifteen minutes the Machine can be fitted together charged with acid, and the water at 85 deg. Fahrenheit can be reduced to freezing point.

An Illustrated Pamphlet, containing full directions for use, accompanies each Machine.

Apparatus for operating on one DECANTER or VASE with NEW CONGELATOR and ACCESSORIES, Complete. Net Cash Rs. 190.

Ditto, ditto, on Two DECANTERS or VASES with NEW CONGELATOR and ACCESSORIES, complete. Net Cash, Rs. 275.

COMMERCIAL INTELLIGENCE

MONDAY EVENING, APRIL 25.

THE telegrams from home report nothing which we have not already noticed in our Saturday's article, Money, Stocks, and Produce being all unaltered.

The Bank of Bombay return for the week ending on Saturday shows the following changes :—

Public Deposits at H. O.	Dec.	Rs.	62,442
Do. do. Branches	Dec.	,,	3,71,232
Other Deposits	Inc.	,,	20,55,103
Government Securities	Dec.	,,	7,28,224
Loans	Inc.	,,	23,54,311
Bills Discounted	Dec.	,,	5,08,847
Cash with Correspondents	Dec.	,,	29,356
Cash and Currency Notes	Inc.	,,	6,83,910

Notwithstanding the increase in the Cash Balance, the return is not indicative of any decrease in the demand for money. The balances of the exchange banks are larger, but the local demand is apparently on the increase, and with the enlarged demand for money, which will probably accompany the push to complete April shipments of produces, the exchange banks will probably have to draw heavily on their resources during the current week. At the bank the rate of discount is still maintained at 7 per cent., but we hear of demand loans having been granted outside at 5 per cent. per annum.

EXCHANGE to-day opened quiet at Saturday's closing rates, but during the day a somewhat firmer tone became observable, and we close to a partial advance of 1-32d. in Bank paper. This, it may be said, is mainly due to the absence of demand for remittance, but after all that is as much a factor in the calculation as an overplus of private bills, and the position therefore may be taken as firm. For the time being, however, we write only for the moment, as it is impossible to say what the deliberations of the Conference may produce at any hour. We now quote :—

Bank Bills on demand	Is. 8 1-32d.	per rupee.
Do. telegraphic	Is. 8d.	,,
Do. 3 months sight	Is. 8 5-32d.	,,
Credits, 3 ,, ,,	Is. 8 9-32d.	,,
Documents, 3 ,, ,,	Is. 8 5-16d.	,,
Francs, 3 ,, ,,	2c. 15f.	,,

On Calcutta we still quote demand drafts at 1-16 to ⅛ per cent. discount ; 60 days' sight at ⅞ per cent. discount.

GOVERNMENT PAPER to-day has, if anything, been the turn quieter, and Fours are a shade weaker at Rs. 101 11-16, but Fours-and-a-half are unaltered at Rs. 109½.

SHARES are somewhat irregular. Banks are all unchanged, Bank of Bombays remaining at Rs. 747½, Colaba Land Company are Rs. 7½ higher at Rs. 900. In Press Companies' shares, there is an advance of Rs. 35 in Apollo and Rs. 2½ in Mofussil, but Volkarts are Rs. 5 lower at Rs. 525. Spinning and Weaving Mill shares are dull. In Albert there is a decline of Rs. 50 and in several other companies of Rs. 5 per share. Bombay Burmah Trading Company's share are again Rs. 15 lower.

COTTON.—Both buyers and sellers have been so much taken up to-day with settlements for to-day's delivery that there has been very little in the shape of fresh business done. On the whole the market may be called the turn in favour of buyers, but the actual state of things will not be apparent until to-morrow, when, with the settlement of contracts, we may see something like a return to legitimate business. Quotations are practically of no account as things now stand, G. F. Dhollera for to-day's delivery having been worth about as much as Good Oomra, but this is a state of things which could not have any duration, and possibly to-morrow may see a material readjustment of values.

SEEDS and WHEAT are still practically as last quoted.

FREIGHTS are firm, and for Liverpool an advance of 1s. 3d. per ton is now asked, but there is no change for other ports.

PIECE-GOODS are in no way changed, the extent of the up-country demand being as limited as ever. Some few indent orders are going through for distant delivery, but only at comparatively low prices.

COALS are firm at previous values, first sellers being quite out of the market.

MR. HENVEY, Special Political Officer in Cashmere, has issued the following notice for the guidance of visitors to Cashmere this season :—"The state of affairs on the Gilgit frontier is such that special precautions are necessary. Visitors travelling in the direction of Astor and Gilgit should not cross out of the Kishengunga Valley without first providing themselves with permanent coolies from Cashmere, and taking sufficient supplies to feed the coolies as well as their other followers. Visitors should on no account proceed beyond Astor until they have ascertained from Lieutenant-Colonel Tanner, the Political Officer at Gilgit, that he has no objection to their doing so."

MAJOR BIDDULPH, on his return from Gilgit, was sumptuously entertained at Srinagur by the local authorities. The Maharajah met him at Jummoo, where an exhibition of a number of feats of strength, a durbar, and a dinner were held in his honour.

IN January, 1880, a British Indian subject named Omar Mahommed Scindee was seized in the streets of Jeddia by an officer of the Persian Consulate-General, in consequence of some quarrel in which he was engaged with a Persian. He was taken before the Persian Consul and flogged in his presence. From information received by the Government of India it appears that Her Majesty's Minister at Teheran represented the matter to H. H. the Shah of Persia. The Persian Government, after holding an investigation into the matter, summarily dismissed the Consul-General from the Shah's services, severely censured the conduct of their Ambassador at Constantinople, who had supported the Consul-General at Jedda, and ordered the latter to pay to their Ambassador at Constantinople £100 as compensation to Omar Mahommed for the outrage committed on him.

THE North-West Provinces Crop and Weather Report for the week ended the 20th April states :—"There were partial storms in several districts, but generally the weather was seasonable. Prices were falling in Rohilkhand and rising slightly in Allahabad and Kumaon ; elsewhere they were stationary. Distress was beginning to be felt by the poorer cultivators in Rae Bareli. Small-pox continued in Gorakhpur and Partabgarh, but was decreasing in Cawnpore. Slight cholera prevailed in Benares, Gorakhpur, and Allahabad, but it was increasing in Faizabad and had appeared in Partabgarh. Cattle-disease was increasing in Rae Bareli, and continued in Lucknow and Jhansi."

A GOOD deal of ill-feeling, the Lahore paper states, exists at Multan between the Hindus and Mahomedans. It appears that the difference arose in connexion with the Mahomedan shrine named Bahawalhuq, and though the case is reported to have been decided under instructions from the local Government, the parties concerned are not satisfied. The Mahomedans have opened shops in which they sell beef, and the Hindus in retaliation have arranged to sell pork. No Mahomedan buys anything at the shop of a Hindu, and no Hindu buys at that of a Mahomedan.

THE *Englishman* writes :—"Mr. Stogden and Major Badcock, who are now on a tour through the Panjab, settling the claims for compensation for losses incurred by camel-owners, during the Afghan war, so far as they have gone, find that the compensation to be paid by Government is a good deal less than was anticipated. The system of payment is for these two officers to go from town to town where camel-owners are collected. On the owners proving their claims, compensation is paid directly into their own hands and the business is settled. For the Panjab, the total of such compensation, it is estimated, will amount to eight lakhs." It would be interesting to know how much was "anticipated."

WRITING on the Monetary Conference at Paris, Messrs. Smith, Edwards & Co. say in their last trade circular :—"The influence of the Indian Government, which loses three millions annually by the low exchange, will be strongly exerted to make the Conference a success. Should it happily succeed, a period of general prosperity would appear to be probable ; but if it fails, serious consequences will follow, as America will almost certainly cease to coin silver, and France and other countries will make determined efforts to part with their superfluous silver, and get gold in exchange. Italy wishes to obtain twenty millions to resume specie payment, and will in that case seek to obtain gold alone, and other nations, such as Austria and Russia, at present afflicted with depreciated paper, must sooner or later adopt the same course. A period of great disquiet in the money markets of the world must follow the failure of the Conference, and a further serious depreciation in the value of silver, which will cease ere long to be used as legal tender money in all civilized countries, and will be very unsuited to the wants of India as bearing no longer any fixed relation to the money of Europe."

THE *Civil and Military Gazette* strongly disapproves some recent military appointments. Our contemporary says :—"The appointment of Major J. S. Irvine to act for Brevet Lieutenant-Colonel Pennington, as second in command of the 13th Bengal Lancers, seems most unjust to Major H. E. Ryves and Major D. H. Thompson, of that regiment. Major Irvine is Major Ryves's senior, certainly, by about 18 months ; but surely the latter's nineteen years' continuous service *with the regiment* should have prevented his being ousted, by an utter outsider, from the present regimental promotion. Major Thompson, too, has had fifteen years' service with the regiment, and he obtained a brevet majority for so gallantly leading its charge at Deh Surak. These facts must have escaped attention, and we trust that a new appointment may soon be found for Major Irvine."

THE same paper writes of another appointment :—"The *Pioneer*, in its issue of April 18, has a paragraph explanatory of the appointment of Brevet Lieutenant-Colonel Dalrymple as Assistant Quartermaster-General. The excuse put forward is that the number of Queen's and Indian officers in the higher grades of the department must be equalised, and that, therefore, Major King-Harman, S. C., the senior D. A. Q. M. G., cannot be made an A. Q. M. G., and that, as there is no 'properly qualified' Queen's officer in the department to fill the vacancy, an outsider must be brought in. The question arises, in what respect is Brevet Lieutenant-Colonel Dalrymple more qualified for the appointment than the following D. A. Q. M. G.'s? Is not Lieutenant-Colonel Kinloch, 60th Rifles, qualified? He has been three years in the department, has served with it in the field, and been promoted for his services. Is not Major Brownrigg, of the Rifle Brigade, 'properly qualified?' He is a Staff College graduate, who also served in the field. Is not Lieutenant-Colonel Combe, 10th Hussars, 'properly qualified?' He went through both the Afghan campaigns as a D. A. Q. M. G. And is not Major G. K. Shaw, 68th L. I., 'properly qualified?' He also has *p. s. c.* after his name in the Army List, and has served two years in the department, has had all the drudgery of forwarding and equipping troops for the front from Lahore, and finally had the whole arrangement of the military performances at the durbar last November. The fact is, Lieutenant-Colonel Dalrymple was a *protégé* of Sir George Colley. Directly he arrived in India he was made A. D. C. to Lord Lytton, and at the time the late Viceroy resigned he was acting as Military Secretary. He thus was left as a legacy to Lord Lytton's successor, and has been kept hanging on at one thing or another ever since, until this opening gives an opportunity of providing for him. But in so doing, a slur has been cast on all the junior officers of the department, who are said not to be 'properly qualified,' and that, therefore, an outsider must be brought in."

THE authorities of the different railways between Peshawur and Bombay have, it is stated, agreed to sanction a free pass over their respective lines for an interpreter to accompany bands of pilgrims from Central Asia, proceeding to Mecca *via* Bombay. This will save both the pilgrims and the Railway Companies a great deal of trouble, and the privilege will be much appreciated by the class which it is primarily intended to benefit, and whose difficulties and troubles on their journey through India it would be difficult to exaggerate. The only restriction is that no free pass will be allowed for an interpreter, unless the party with whom he may be travelling is over twenty-five in number.

THE following are some particulars of the outbreak amongst the Bheels :—On March 26th, a body of some five hundred Bheels attacked the thannah at Baripa, a village twelve miles south of Oodeypore, on the Khairwarra road. Including the subordinate officer in charge of the post, the garrison consisted of only twelve men. After fighting for an hour, their ammunition failed, and the place was carried by the Bheels, who put to death every man of the garrison. They next went on to the residence of an Abkari contractor, who had made himself obnoxious to them, and killed him, together with his brother and three female members of his family. Of the Abkari contractors's family, only three escaped—a boy of 8, an infant daughter, and the contractor's mother. The bodies of the thannahdar and of the women were subjected to terrible indignities, such as the Bheels have not been known to practise for at least a generation. As soon as the news reached Oodeypore, a body of troops was despatched against the Bheels. This force entered the hills and had a few successful skirmishes with the rebels, but it would appear that, like the affair at Rumpa, it is easier to rouse the hill-men than to pacify them. Colonel C. K. M. Walter, the Officiating Agent for Rajpootana, went to Oodeypore to personally investigate the matter. Colonel Blair, Political Superintendent, Hill Tracts, Meywar, went to Khairwara on the same duty. The *Indian Daily News* remarks that it is, perhaps, unfortunate that there should have been a change at this particular time in the agency at Oodeypore. Surgeon-Major J. P. Stratton assumed charge of the Meywar Agency on April 13.

IT is stated that in the division in the Kandahar debate, out of the 241 Conservatives actually sitting in the House of Commons, only four members were unaccounted for. The rest either voted, paired, were ill, or gave valid reasons for being absent.

Truth tells us that Mr. T. Bowles, who used to be the editor of *Vanity Fair*, has been replaced by Lord Desart. Mr. Bowles aspires to Parliament, and has thoughts of serving a Metropolitan constituency at the next general election.

BEFORE the last mail left, it was stated in London that there was reason to believe the suspension of Mr. O'Donnell would be cancelled by a resolution proposed from the Ministerial Bench, to the effect that, while the Chairman of Committees was, under the circumstances, fully justified in vindicating what he believed to be the assailed authority of the House, the naming of Mr. O'Donnell took place under a misapprehension.

ON April 1st, Sir W. Palliser was to move in the House of Commons :—"That, whereas the command of the Herat-Kandahar road, by which alone an organised army can approach the North-Western Frontier, would protect India in the most complete and economical manner from all danger of foreign interference, it is desirable that, in any negotiations for the transfer of the province of Kandahar to the Ameer of Cabul, provision should be made for the formation of a British strategical camp, commanding that road and communicating by rail with India."

THE Commander-in-Chief of the East India station will, in future, the *Army and Navy Gazette* states, undertake the duty of inspecting the Indian Naval Establishments, now that the Government of India has no longer the services of Admiral Bythesea as head of the Indian Marine.

BEFORE the emancipation of the negroes in America, the croaking prophets of reaction predicted with wonderful unanimity that the South was ruined, because Quashee would never work without the whip. *Truth* notes that though twenty years have not passed since then, the free negro raises from 250 to 400 lbs. of cotton per acre, where the slave only raised 150 lbs. Last year the cotton crop of the South was worth £120,000,000. It is usually safe to bet that a Tory prophecy will be fulfilled the other way on.

MR. DION BOUCICAULT has been telling a New York interviewer that he was the original discoverer of Mr. Irving. This is his version of how it came about :—

> It was my good fortune to discover Mr. Irving in 1866, when he was playing in a stock company in Manchester. He was cast for a part in "Hunted Down," and performed it so admirably that I invited my friend Mr. Charles Reade to go and see him. He confirmed my opinion so strongly that when "Hunted Down" was played in London, a few months afterwards, I gave it conditionally on Mr. Irving's engagement. This was his debut in London as a leading actor.

CAPTAIN BOYTON, the swimmer, is not dead, as was reported. The Peruvians had been utilising his aquatic gifts ; and the captain, suit and all, had fallen into the hands of the victorious Chilians. But the magnanimous conquerors allowed his claim to American citizenship, and turned him loose, along with their other prisoners of the same nationality.

THE Naval Contingent at Majuba Hill consisted of a field-piece (Gatling gun) and rocket party. The Gatling gun proved too heavy to be drawn up the hill, and had to be left behind. These men must have been armed with cutlasses and revolvers, and could have carried no rifles. No wonder this Naval contingent experienced so many casualties. The *Army and Navy Gazette* suggests that field-piece parties should be armed with carbines.

THE ironclad Richelieu, which on the 29th December took fire and was scuttled in Toulon harbour, was refloated on March 31 after three months' efforts—an operation which, it is claimed, is the most important of its kind on record. The preliminary stages consisted of the lightening of the vessel by removing the iron plating of the turrets, the hermetic closing of all openings, the pumping out of water, and the pumping in of air by immense tubes. Yesterday began the refloating proper. Two pumps were placed on the Sibylle and a third on the Tourville capable of pumping out 800,000 litres per hour. Tackle was fastened to the masts and turrets of the Richelieu and connected with the Andromaque, so as to equalise the traction ; 360 barrels, each containing 1,000 litres air, kept the vessels in trim, and on the pumps being set to work the vessel gradually rose.

ACCORDING to the French *National*, Paris is suffering under an epidemic of crime, the severity of which is without parallel in any other European capital. It is estimated by persons in authority, who have made the criminal statistics of Paris their special study, that between seventy and eighty thousand professional law-breakers are now at large within the precincts of that city, about twelve thousand of whom inhabit the Quartier Batignolles-Clignancourt-Montmartre. While the number of resident malefactors has been, for some years past, steadily increasing, the average of their age has considerably diminished. It would appear that the majority of homicides and robberies with violence of late committed in the French capital owe their perpetration to youthful desperadoes who have not completed their twentieth year. All the prisons are crowded, and the Parisian police display laudable activity in executing raids, daily and nightly, upon the districts specially affected by the criminal population. Yet all the exertions of the authorities to grapple with the gigantic evils resulting from the gravitation to Paris of burglars and thieves from the provinces have hitherto failed to meet the exigencies of the situation. Paris, says the *National*, is now, as far as the lives and property of peaceable citizens are concerned, the most unsafe place of residence in the whole civilised world.

PINJRAPOLE.—The *Indian Mirror* deplores the fact "that Calcutta, like Bombay, does not possess a *Pinjrapole*, that is, a place where sick, disabled, and old animals are cared for, and protected. The Society for the Prevention of Cruelty to Animals is a very useful and desirable institution, which, though it does much good, still falls short of what is absolutely needful, and is actually done in Bombay. It seems to us to be a reproach to any civilised community, comprising Hindus, who profess to be so tender of animal life, that no suitable place has been formed in Calcutta to provide food and shelter for those dumb animals which, having rendered all the service they were capable of, are, when they become useless, turned adrift to starve and die. We earnestly appeal to the Hindu community generally, and to the Jains in particular, to contribute towards the establishment and maintenance of a *Pinjrapole* in Calcutta."

THE UMBALLA SWEEP CASE.

(FROM OUR SPECIAL CORRESPONDENT.)

UMBALLA, APRIL 21.

THE case against the organisers and managers of the Umballa Derby Sweep was heard to-day, before Mr. T. W. H. Tolbort, Deputy Commissioner, Umballa. "Messrs. Simpkin and Co." consisted of Mr. J. H. Rivett, of this town, an auctioneer and general dealer, and the co-defendants were Messrs. Crayden and Hine, his assistants, the latter specially engaged to assist his employer in despatching the large amount of work which devolved on Simpkin and Co. in connection with the lottery. The business of the lottery was for a few years previous to 1878 in the hands of Lieutenant Kinchant, of the 11th Hussars, who used to conduct all matters connected with the Umballa races, including the annual lottery. The sporting Lieutenant, shortly before leaving India with his regiment accepted Mr. Rivett's contract to build a new race stand on the Umballa Course. The stand was duly erected by Mr. Rivett, to whom a sum of Rs. 12,000 to Rs. 14,000 was still owing when Lieutenant Kinchant left India. To liquidate this debt, the Lieutenant made over to Mr. Rivett the business of the Umballa Sweep, and in his confession before the Deputy Commissioner, Mr. Rivett admits that he recovered this sum from the 5 per cent. on the gross collections of the lottery habitually paid to the Umballa Race Fund. In consequence of this annual addition, the Umballa Race Fund is the most prosperous, and the Umballa Race Course boasts of the finest stand in India. I am guilty of no breach of confidence when I say that Mr. Rivett netted over Rs. 10,000 a year from his connection with the Umballa Sweep. That he should keenly feel the loss of an income of about Rs. 900 a month from a branch of his business is natural enough, but the victim is disposed to regard the action of Government with a good deal of resignation. In having made his lottery a public concern, he brought himself within the cognisance of the Penal Code, but had he refrained from issuing prospectuses and omitted other forms of publicity, confining himself inside the limits of a private lottery, it is an open question whether the Penal or any other Code could have convicted him. However, under the circumstances, Mr. Rivett took the best course open to him and pleaded guilty, escaping with a fine of Rs. 100 only—an indication, amongst others, that shows the wrath of Government had no personal direction. But Mr. Rivett is not altogether without compensation for a partial loss of his income. The management of the Umballa Sweep helped to extend his business in its other ramifications in a way so satisfactory as to make him rejoice to the end of his days, and it will be many years before his name ceases to be familiar amongst the sportsmen of the neighbourhood. The subject of the Sweep and its extinction, as you may believe, is freely discussed here, and a good deal of sympathy is expressed for Mr. Rivett, a man of reputed integrity and unimpeachable character, who has conducted the business of the lottery since 1878 in the most unexceptionally just and business-like manner. Up to the 8th inst., Messrs. Simpkin and Co. had collected about Rs. 30,000 (Rs. 5,000 more than they had registered at the same date last year), and then the police authorities here pounced upon them. Colonel A. H. Bamfield, Inspector-General of Police, Punjab, addressed the Punjab Secretariat on the subject, and on the 24th February, 1881, the Punjab Government replied according its sanction to the prosecution of the promoters of the Sweep in the following letter :—

> "No. 41-C, dated 24th February, 1881.
>
> "From WM. YOUNG, Esq., Secretary to Government, Punjab, to Colonel A. H. BAMFIELD, Inspector-General of Police, Punjab.
>
> "SIR,—In reply to your No. 35 of 11th February, regarding the prosecution under clause 2 of section 294A of the Indian Penal Code of the promoters of the Derby Sweep at Umballa, I am desired hereby to convey the formal sanction of His Honour the Lieutenant-Governor to proceedings being instituted in accordance with the proposal made in your letter.
>
> "Copy of a memo. by the Government Advocate of the Province, dated 21st instant, is herewith forwarded, and that officer has been instructed to co-operate with the Superintendent of Umballa with a view to furthering the prosecution."

Armed with this authority, Mr. McCracken, District Superintendent of Police, Umballa, laid an information against Messrs. Rivett, Crayden, and Hine, and obtained summonses against them, which were made returnable to-day.

Mr. Superintendent McCracken's information ran as follows :—

> "To T. W. H. TOLBORT, Esq., Deputy Commissioner, Umballa.
>
> "SIR,—A lottery called 'The Umballa Great English Derby Subscription' has been held in Umballa for some years past. From information I have received I have ascertained that it will be held again this year, and prospectuses of the same are now in circulation. The circulation of these prospectuses are printed as 'a publication of a proposal to hold a lottery,' an offence punishable under clause 2 of section 294A of the Indian Penal Code. The formal sanction of the Punjab Government has been accorded to the prosecution under clause 2 of section 294A of the Indian Penal Code of the promoters of this lottery and is attached. "The Umballa Great English Derby Subscription of 1881" is managed by Mr. Rivett, the auctioneer of Umballa Cantonments, under the assumed name of Simpkin and Co., and he is assisted by Mr. Fred. Crayden, Mr. A. Hine, and Baboo Girdari Lall. The prospectus of the lottery is printed at the Empress Press, Umballa, and is issued by Mr. Rivett's assistants under the name of Simpkin and Co. The account of the lottery fund is kept in the Umballa branch of the Simla Bank in Messrs. Simpkin and Co.'s name, and subscriptions to the lottery, *i.e.*, the money of every person who takes a ticket is deposited there by Mr. Rivett and his assistants. Letters and telegrams addressed to Messrs. Simpkin and Co. are delivered in the ordinary course by the postal and telegraph peons at Mr. Rivett's house. The prospectus attached to the memo. sent to me had evidently been posted by Mr. T. J. Matthews (brother of the Inspector of Police) addressed to Messrs. Simpkin and Co., Umballa. It was contained in the envelope attached, which Mr. Matthews, Inspector of Police, is prepared to swear is in the handwriting of Mr. A. Hine, assistant in Mr. Rivett's shop, a week before H. E. the Viceroy passed through Umballa. I went to Mr. Rivett's shop to order a pair of riding boots. Mr. A. Hine was alone in the shop when I went in. He had a list in his hand and some other papers. Among them was a telegram envelope addressed to Simpkin and Co. I have the honour to request that in accordance with the sanction of Government a summons may be issued against J. H. Rivett, auctioneer of Umballa, for publishing or for publishing a proposal to hold a lottery on this year's Derby Race, an offence punishable under clause 2 of section 294A of the Indian Penal Code, also that you will permit summonses against Messrs. A. Hine and Fred. Crayden, assistants in Mr. Rivett's shop, for taking part in the same offence under section 109 and clause 2 of section 294A of the Indian Penal Code. I also request that search warrants under section 368 of the Criminal Procedure Code may be issued to me to enable me to search the premises of Messrs. Simpkin & Co., of Juggernaut, the proprietor of the Empress Press, both situated in Umballa Cantonments, with a view to the seizure of all books, papers, prospectuses, and other articles connected with the 'Umballa Great English Derby Subscription of 1881'."

Referring to the above Mr. McCracken deposed :—I declare that what is contained in this complaint is true to the best of my knowledge and belief. I have reasons to believe that the business of the lottery is still being carried on at Mr. Rivett's. My statements as to the delivery of letters and telegrams, and as to the keeping of an account at the Simla Bank, &c., refer to the present year. From information received from Mr. H. Matthews, Inspector of Police, I am sure that the prospectus attached to this complaint was printed at the Empress Press.

Mr. Spitta, Government Advocate, Punjab, appeared for the prosecution, and applied that the charge against Messrs. Crayden and Hine be withdrawn.

The Deputy Commissioner granting the application, this was accordingly done. Mr. J. H. Rivett was then charged under section 294A of the Indian Penal Code with publishing a proposal for holding a lottery, and pleaded guilty. When on 8th April Mr. McCracken, District Superintendent of Police, and Lieutenant-Colonel Dalrymple, Cantonment Magistrate, appeared at the defendant's shop with search warrants, the defendant made a confession, which he repeated to-day in the following terms :—

"I admit the truth of the complaint. I have heard the confession read which I made before Lieutenant-Colonel Ramsay, and I repeat it. The prospectuses nominally issued by Messrs. Simpkin and Co. were sent out by me. Prospectuses have chiefly been sent out when specially applied for. I was not aware that it was acting against the wish of Government. I have conducted the business of the lottery since 1878, and nothing has been said to me about it on the part of Government until now. I took over the lottery business in 1878 to liquidate a debt of from 12 to 14 per cent. Rs. 12,000 due to me for building a race-stand, &c. I recovered this money from the 5 per cent. contributed by the lottery fund to the Umballa Races. The lottery fund has always contributed 5 per cent. to the Umballa Race Fund. I engage to have nothing more to do with this or any other public lottery, and intend to return the money which I have received to those who sent it to me. This will take some time, as there are about 3,000 letters to write. I engage not to hand over the money in a lump sum or sums to third parties with a view to the continuance of the lottery."

In passing sentence the Deputy Commissioner said :—Mr. Rivett admits the truth of the complaint. The Government Advocate withdraws his complaint against Messrs. Crayden and Hine, which withdrawal is permitted. The Court finds Mr. Rivett guilty of publishing a proposal to hold a lottery and sentences him, under section 294A of the Indian Penal Code, to a fine of Rs. 100 ; a week allowed for payment.

PARSEE RELIGIOUS REFORM.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—Your correspondent S. J. Padshah has opened a field for a bitter controversy, and I would recommend him to eschew such delicate discussion as to a religion consisting of contradictions in its tenets. Evidently S. J. Padshah, though a Parsee, hates the Zend-Avesta, as he fancies there are contradictions in it. The Parsee religion, consistently and avowedly, is monotheism, and knowing the writer to be in attache to the Theosophists' Society, I do not wonder that he attributes such glaring inconsistency to the Zoroastrian religion. As his letter is dated at Breach Candy, where the society has established its head-quarters, I suspect it is inspired by that erratic association. However, if S. J. Padshah has any manliness and moral courage in him, let him attend the meeting of the Parsee Rahanamai Society on Wednesday evening, the 27th instant, when he will have an opportunity of flourishing his notions about the Avesta. He declares himself a Pantheist, and yet he belongs to a society of Theosophists.

ASSAULT.—At the Girgaum Police Court yesterday, Soobhrati Gore and Chungoo Aladin were charged before Mr. Dosabhoy Framjee with assaulting Bookai Calar and Abdool Rahaman. It appears that the complainants, while passing along the racecourse at Byculla, saw the defendants engaged in gambling. On remonstrating they were assaulted with sticks. The prisoners were convicted and sentenced to pay a fine of Rs. 7 each.

CHARGE OF DEFAMATION.—Jamshedjee Framjee, lately employed as a dubash, appeared yesterday before Mr. Cooper to answer a charge of defamation brought against him by Merwanjee Bezonjee, a partner in the firm of Messrs. Byramjee Merwanjee and Co., dubashes. Mr. Pheroshaw M. Mehta, instructed by Messrs. Tobin and Roughton, appeared for the complainant, and Mr. Hormusjee Muncherjee Chichgar, of Messrs. Nanu and Hormusjee, appeared for the defendant. It appears that the defendant was employed in the service of the complainant's firm. On the 17th March last he went on board the s. s. Corsica, which was then lying in the harbour, and said to Captain Holt that the complainant had fraudulently obtained possession of a certain letter by Captain Shapcott, who was formerly the commander of the vessel. He also said to Captain Holt that it would not be in his interests to employ the complainant as his vessel's dubash. Certain other imputations calculated to injure the complainant's reputation were also made by the defendant. After Mr. Chichgar addressed the court for the defence, it was agreed that the defendant should express his regret for words used by him while in an excited state of mind, and deliver to the complainant all the certificates received from the masters of various vessels.

DEATH FROM HEAT APOPLEXY.—Colonel Britten, the Poona Cantonment Magistrate, last Friday evening held an inquest over the body of Sergeant Londrigan, of the Rifle Brigade, at Ghorpoorie. From the evidence of Surgeon-Major James McCrury it was shown that he died of heat apoplexy. Serjeant Nokes and Mr. Santan Caridade Saldana, the Assistant Apothecary, were also examined. Mrs. Emma Londrigan on oath deposed that her husband came home a little after 1 p. m. last Friday. He sat down and began to talk very strangely, and he then laid down at her suggestion. He began snoring a great deal, but she did not think much of that ; but at about 5 p. m. she saw a great change in his face, and went up to him and felt him and found him dead. He had complained very much of his head during the last three days, and had taken scarcely any nourishment. Colonel Britten recorded the verdict that the deceased, Sergeant Londrigan, of the Rifle Brigade, died of heat apoplexy.—*Deccan Herald.*

NEW R. C. CHURCH AT KURRACHEE.—We hear that the Roman Catholic Bishop of Bombay is expected by to-day's steamer to consecrate the very handsome new church that has been erected by the contributions of the "faithful" of Kurrachee. We hear also that he will be attended by several church dignitaries, and that the consequence will be a most imposing ceremony which will take place on Sunday morning at 7-30 a.m. The interior of the church, we hear, is highly ornate and reflects great credit on the architects and the "lay brethren" who were engaged in so worthily carrying out their plans and ideas. The cost, we hear, has been upwards of a lac of rupees, rather a large sum to be raised in so limited a congregation of Roman Catholics as Kurrachee can boast!—*Civil and Military Gazette*, April 22.

THE WYNAAD GOLD MINING COMPANY, LIMITED.

THE following is the report of the Directors of this Company, for the quarter ending 31st March, 1881 :—

1. The first ordinary annual general meeting of the Company was held on the 20th day of December last, and the Board have now the pleasure to report the progress made with the development of the business of the Company since that date.

2. The special Resolutions adopting the supplementary agreement of the 17th November, 1880 (whereby the terms relating to the purchase of the Hump Estate were modified in favour of the Company), and effecting certain necessary and desirable alterations in the articles of association of the Company were passed unanimously at an extraordinary general meeting of the Company held on the 29th of December, 1880, and were duly confirmed at a subsequent general meeting held on the 17th day of January, 1881.

3. The vendors submitted an abstract of their title to the Company's Solicitors, who laid the same before counsel for advice. It then became apparent that as the vendors had made no reservations with respect to title in the agreement entered into the Company with a perfect title to nearly 1,000 acres of freehold or "jemmum" land. No plan of the property accompanying the Abstract of title, and the exact acreage of the property being difficult to estimate owing to the hilly nature of the ground and the dense forest jungle that covers the greater portion of it, the Company called on the vendors to furnish a proper plan of the Estate, clearly delineating the boundaries and stating the acreage. It then appeared that the vendors were unable to do this, as the Estate had never been surveyed. The Company's Solicitor having insisted that a plan of the Estate, clearly setting forth the boundaries, must be furnished before completing the purchase, it became necessary to effect a survey of the Estate, and every effort has been made to complete this survey in as short a time as possible. The survey has now been completed, and the exact acreage turns out to be 1,614 acres, or 614 acres in excess of what was estimated, a fact which will doubtless be considered highly satisfactory to the interest of the Company, and which will tend to increase considerably the value of the property. The western boundary of the Estate is the Gompoyan river, which runs through a valley, where (to use the words of Mr. Pearson, the Company's Resident Engineer) "there are traditions of not very ancient washing for gold." As this valley is situated at the furthest extremity of the Estate from the part prospected and reported on by Professor Vazie Symons, it leads to the inference that the whole length of the property must be auriferous.

Considering the uncertainty generally attaching to titles of land in India, especially in Malabar, it will doubtless not be a matter of surprise that the vendors are unable to furnish a title which can be taken as a perfect one according to English law. Counsel, however, advise that on the whole the title shown is a good one and subject to certain requisitions which the vendors appear able and willing to comply with, is of opinion that the Company may properly accept the same. The articles of association of the Company not vesting any special authority in the Board to deal with the question of title, the Directors have decided to convene a general meeting of the shareholders of the Company, and obtain their consent to accepting the title and paying over the purchase-money. As regards the title it may be stated that its consistency with particular documents of grant dated in the year 1803 from the original native proprietors in favour of Mr. Yonge (one of the vendors), and from the year 1803 down to the present time, a period of some seventeen years, there has been an uninterrupted and undisputed possession of the property by Mr. Yonge and the other vendors. Having regard to the provisions of the Indian Limitation Act, this length of undisputed occupation in itself confer *suijuris* a good holding title in India, as against all persons.

4. Pending the completion of the purchase-money, and the completion of the agreements entered into between the Company and the vendors, the vendors have declined to permit the Company to proceed in opening out and examining the existing quartz reefs, or to prospect for further gold-bearing reefs in the large tract of land which Professor Symons had not time to examine, except on the terms of the Company paying 30 per cent. of the purchase-money.

The vendors were of course entitled to saddle with this condition, permission to the Company to enter upon the property. The Directors did not, however, feel justified in paying over any portion of the purchase-money before completing, so long as the title had not been accepted. This decision of the vendors, which practically shut out the Company from the performance of any preliminary operations, is much to be regretted, as a thorough exploration of the quartz reefs, accompanied by an analysis of the stone, would have been of much value to the Board in arranging for the opening up of the mines and purchase of machinery. The prospecting of the property would have also much facilitated the steps that are in progress for disposing of a portion of the Estate in London, which have of necessity been placed in abeyance, pending the completion of the survey and conveyance of the property to the Company. The Board have every reason to believe that an advantageous sale will shortly be effected of a portion of the Company's land, and the consent of the Company to enable the Board to act will be asked for at the general meeting about to be convened. The engagement of the mining staff was necessarily postponed until such time as there appeared a prospect of being able to proceed with active operations.

5. In the absence occasioned, as above explained, of any additional evidence beyond the reports and analysis already submitted to the shareholders in support of the gold-bearing quality of the quartz on the Estate, the Board have to fall back on what has been effected on the neighbouring properties, in order to enable the shareholders to form an idea of the value of their property. Since the commencement of the year some of the Estates contiguous to and actually bounding the Company's property have been purchased by the Tambracherry Estates and Wynaad Gold Mining Company, Limited, a Company that has been successfully formed in London with a capital of £160,000 or say Twenty Lacs of Rupees, and on the Board of which are found the well known names of Mr. William Rearson Arbuthnot, Mr. Herbert Knowles, and Mr. James Labouchere.

Some extracts appended to this report taken from the Tambracherry Company's prospectus regarding the reefs on the Charlotte Estate, which bounds the Hump Estate for a considerable length, will doubtless prove of much interest to the shareholders. It is satisfactory to observe that the reports of Mr. C. J. Harvey, an expert possessing a life-long experience in gold mining enterprises, and who has been associated with some of the most successful of the Australian Companies, and of Mr. Laing, a well-known Mining Engineer, fully confirm Professor Symon's estimate of the highly auriferous character of the quartz of the valley in which the "Hump," "Charlotte," and Carta Para Estates are situated.

Extracts from the prospectus of another gold mining company, called the Carta Para, recently formed in London, in which mention is made of the magnificent yields varying from 1·175 ozs. to 89·000 ozs. of gold to the ton of quartz crushed, and that runs into the Hump Estate, are also appended. The result of these assays may, the Board think, be criticised as splendid, and as the reefs are believed to be identically the same as run through the Hump land, the shareholders of the Wynaad Gold Mining Company, Limited, will doubtless be gratified at this additional evidence of richness of the gold-bearing quality of the quartz.

6. The acreage of the property having turned out so much larger than what was estimated, and the examination of the quartz reefs on the contiguous Estates having resulted in such a fine show of gold, the Board considers that the prospects of the Company are at present brighter than they have ever been.

The delay that has taken place in commencing mining operations will probably prove of actual advantage, as thereby the Company will be enabled to benefit by the experience that is now being gained before M

Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6d. Sold by all Chemists. A most valuable and essential medicine for India Australia, the Cape, and Colonies generally.

ADVERTISING AT RAILWAY STATIONS.

THE Proprietor of the "BOMBAY GAZETTE" Press having leased from the *GREAT INDIAN PENINSULA RAILWAY COMPANY* and the *BOMBAY, BARODA AND CENTRAL INDIA RAILWAY COMPANY*, the exclusive right of advertising at all the Railway Stations belonging to those two Companies, is prepared to contract with parties desirous of posting Notices of Advertisements on the lines.

The announcements may be in English or in any of the Native Languages.

The advantages which Railway Stations present as a means of bringing intimations of all kinds before the public have been demonstrated in England by the extensive use which is made by Advertisers, of every station, great and small, along every one in the United Kingdom.

INSURANCE COMPANIES, SHIPPING COMPANIES HOTEL-KEEPERS, MERCHANTS, TRADERS and others who wish to force their business on the notice of the public, all alike value the privilege of Railway Station Advertising.

There is no reason why the privilege should not be also specially valuable to Advertisers in India. Looking to the great and increasing number of Native Railway Passengers on the two trunk lines of Western India, Native Merchants, Traders, &c. seeing that they have the privilege of advertising in their own language, would find the publication of their announcements at Railway Stations an infallible means of extending their business.

And as nearly ALL TRAVELLERS ARRIVING IN INDIA NOW LAND AT BOMBAY and proceed by the G. I. P. or B. B. and C. I. Railways to their destinations, Placards exhibited at the different stations on those lines are every day becoming more and more valuable as means of bringing the Advertiser's business to the notice of the public.

Advertisers can select the stations, on either line, at which they wish their Placards posted, and may advertise for any period that may be agreed on. The charges have been fixed on an extremely moderate scale to encourage Advertisers to make a liberal use of the new means now offered of making announcements known to the public.

Placards, according to the taste of Advertisers may be printed at moderate charges in English or any of the Native languages at the "BOMBAY GAZETTE" Press. Estimates on application.

RATES.

Boards not exceeding 2 feet long and 2 feet broad Rs. 2 per month. For every additional square foot annas 8.

Thus a firm exhibiting a board, say 4 feet square, will have the advantage of having his business Advertisement read by thousands of passengers on one station platform for the trifling monthly expenditure of Rs. 2. Parties advertising on six stations or more will be allowed a discount of ten per cent.; on twelve stations or more twenty-five per cent.

The boards to be delivered at the "BOMBAY GAZETTE" OFFICE, whence they will be sent by the Lessee to the various stations selected by the Advertiser. In the event of the contract terminating, the boards will be brought back to Bombay at the expense and risk of the Advertiser.
